

Modifying Google Chrome Cookie Settings

Please follow the steps below to ensure your Google Chrome browser is configured properly so that it is able to accept BMI Federal Credit Union cookies:

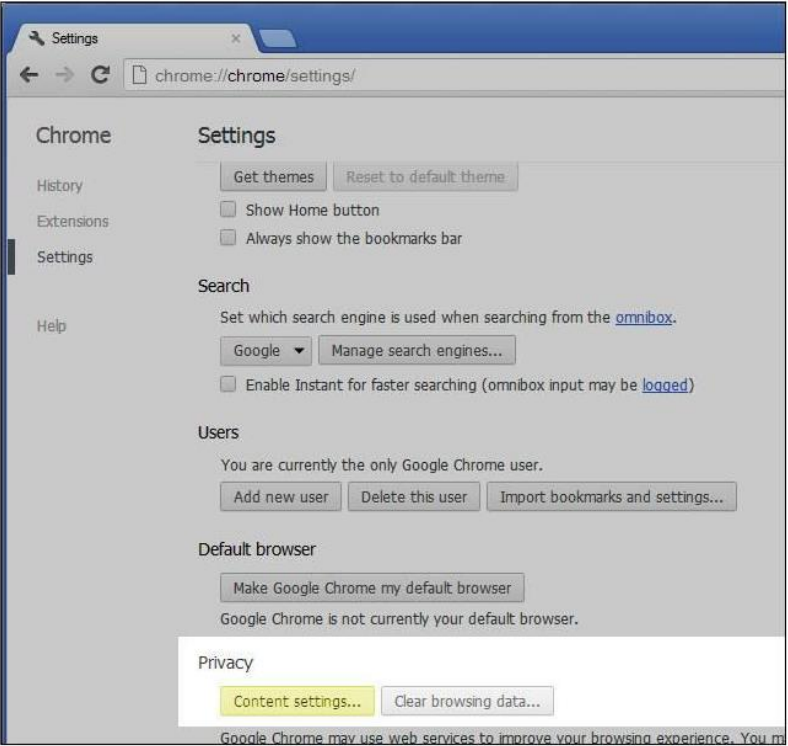

Open a Google Chrome browser and click the '**Customize and Control Google Chrome**' button, then select '**Settings**'.

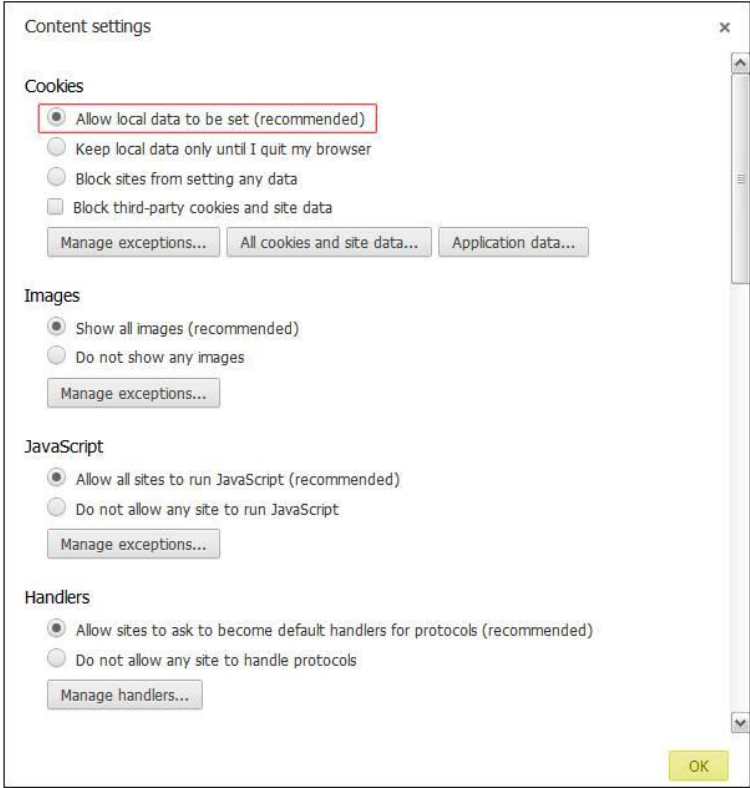

Once in '**Settings**', click '**Show Advanced Settings**'.

Under the 'Privacy' Section, click the first button, 'Content Settings'.

In 'Content Settings', ensure your configuration mirrors the image below (**Allow local data to be set**). Once you are finished, click 'OK'.

Finally, back in the **'Privacy'** section, click the second button, **'Clear Browsing Data'**. Here you will need to uncheck the fourth option, **'Delete cookies and other site and plug-in data'**. Once you are finished, close the window and all other Google Chrome sessions.
